OCTANORM 

■ 19" screen

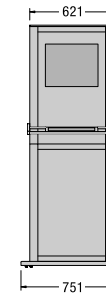

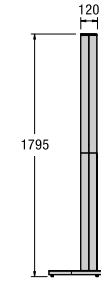

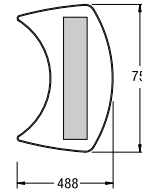

■ Lockable door

BASIC MODULES

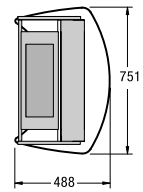

OT 10

OCTAterminal **with** 19" screen, **without** keyboard, **without** computer

OT 20

OCTAterminal **with** 19" screen, **with** keyboard but **without** computer

THE TERMINAL FOR A PROFESSIONAL DIGITAL PRESENTATION.

Whether you choose the internet, animations or presentations - this terminal will become your promotional highlight! Thanks to its small footprint, you can place it almost anywhere in the foyer, in your shop or on your exhibition stand. The lateral OCTANORM system groove allows you to mount brochure or display shelves as well as beams for additional advertising banners in no time. There is a number of possible combinations, and, what is more - there is no limit to your creativity.
